<p>Comments on Your Essay: Your essay responded to the prompt by taking a position on the issue. The ideas in your essay needed to be more fully explained and supported with more details.</p>				

- Multiple-choice scores and the Composite score range from 1 to 36; subscores range from 1 to 18. Dashes (--) indicate no score.
- Your Composite score is the average of your scores on the four subject area tests. Subscores do not necessarily add up to your score for a subject area test.
- The English/Writing score ranges from 1 to 36 and is a combined measure of the Writing and English tests.

This is a summary of my former students' results from the previous pages:

Benjamin Davis scored a 33 on his final ACT. He had all four sub scores in the 30's!

Sophia Ramsay scored a 26 on her ACT in September 2016. One month later, she went up 4 points and scored a 30 on her final ACT. Her Reading increased by 9 points, from a 25 to a 34 in just 6 weeks!

Sai Karnati scored a 24 on his ACT in February 2016. He worked with me for part of the summer and scored a 28 in September 2016. Although a 4-point increase is not uncommon, his improvement included a 12-point jump in English. Furthermore, I am proud to say that Sai was still a freshman at University School when he took his second test. That's right, he began preparing as an 8th grader at Solon Junior High! Sai went on to score a 1580 on his SAT as a junior. Early preparation is the key!

Dennis Grencewicz, whose letter of recommendation is below, scored a 32 on his ACT. All of his sub scores were in the 30's, including a 34 in science which gained him entrance into the prestigious Pre-Med Program at Haverford College!

Letter of Recommendation:

Prospective Students and Families,

Hello, my name is Dennis Grencewicz, a current freshman at Haverford College in Philadelphia, PA. Before my Junior year at Gilmour Academy, I began being tutored by Mr. Horwich for the ACT. From firsthand experience, preparing for standardized testing, especially in the form of tutoring, is crucial to a successful college application experience. Investing in test prep is extremely important to college acceptance and earning merit scholarships, especially with the right tutor and work ethic.

Immediately, when I began working with Mr. Horwich, I understood and enjoyed the way that he approached the testing material. With the way the ACT and other standardized tests are structured, most students have strengths or weaknesses with certain sections. By spending extra time on questions or sections that I scored lower in, while still addressing my strengths, my scores increased significantly as I took and reviewed the practice exams that I was assigned. Mr. Horwich has a great understanding of the material, which leads to direct assessment of problem areas. In our sessions, we analyzed my performances to create a game plan that would maximize my scores. I went from scoring a composite of 28 on my first practice ACT to finishing with a 32. Four points on a test like the ACT completely changed the strength of my application by giving credence to admissions offices that need a baseline to evaluate applicants.

Receiving guidance from Mr. Horwich was a great decision in my college process. The preparation that he recommends is thorough and necessary for success with standardized testing, and the assistance and guidance he provides is frankly top notch.

Best Wishes,

Dennis Grencewicz, Haverford College Class of 2020

Patient, Creative and Effective Tutor for All Subjects, All Ages, All Cities

I have been successfully tutoring for over 12 years. Many of my students have dramatically improved their proficiency and test scores. I am a top tutor because I am so easy to work with. In addition to teaching in person, I also teach online via Zoom, whiteboards, two-way screen sharing, etc. I have great references, many online reviews and countless five-star ratings.

I graduated Summa Cum Laude from Case Western Reserve University. There I earned a Provost Academic Scholarship for my excellent test scores, including 34 in ACT Mathematics and 780 in SAT Mathematics. In addition to teaching for public schools, I currently teach 20+ private sessions each week, K - 12th grade, as well as college students and business professionals.

I am patient, creative and friendly. Many of my students tell me that I explain concepts more effectively than their teachers. I am available weekdays or weekends, days or nights, throughout the entire year. I would be happy to answer any questions you might have regarding my experience and teaching methods. While it should go without saying, I have a clean background check that has been verified by BCI.

Would you like to set up an evaluation or an introductory lesson to design a customized strategy? There is no obligation to continue unless a customer is 100% satisfied. I appreciate your time and consideration and look forward to working together!

ACT, SAT, PSAT, NMSQT, GMAT, GRE - university admissions
ISEE, HSPT, TACHS, SSAT, SHSAT - high school admissions
ASVAB, AFQT, ASTB-E, OAR - armed forces enlistment
HESI-A2, ATI TEAS V, NLN-PAX-RN, DAT, OAT - nursing, dental, optometry
TOEFL, IELTS, TOEIC, ESL, ESOL - English as a Second Language
MAP, Ohio State Tests, AIR AST, PARCC, HiSET, GED, STAAR - graduation
Praxis, CLEP, Accuplacer, WorkKeys - proficiency
Math: algebra, pre-algebra, geometry, elementary
English: writing, reading, listening, speaking, grammar, vocabulary, spelling
Writing: essays, research papers, editing, proofreading, outlining, analyzing, citations
Computer: Microsoft Office, Excel, Word, Windows, Macintosh

I am one of the top tutors for:

1. most diverse subject matter
2. widest student age range
3. farthest geographical regions
